NIBBLES

Enabling Healthier Choices

Healthy Nibbles is an award-winning healthy vending and subscription snack service. Our goal is to help companies use the values of good nutrition to pioneer new workplace wellness ideas and increase employee engagement.

At Healthy Nibbles we're passionate about enabling healthier choices. We understand that hectic lives, the daily commute, careers and family all place demands on our time and energy, often meaning our carefully planned meals are quickly forgotten and replaced with unhealthy on-the-go options.

 *79% of consumers would choose a healthy product if given this choice" **

Through UK wide vending, office snacks, subscription boxes, hampers and white label snack boxes, we're making healthy snacking easy to do and convenient, whilst ensuring taste is a top priority too!

Responsible

Beyond the transactional benefits, the machine delivers best in class Energy Efficiency EVA EMP A++, is 78% recyclable at end of life and comes with a carbon neutral option.

VENDING: SNACK RANGE

An Exceptional Selection

Healthy Nibbles have curated a range of 250 healthy snacks and drinks, providing functional foods that support employee health and wellbeing. Having carefully sourced products from artisan suppliers throughout the UK, we have brought together the finest, great tasting, natural products to offer an unprecedented range of healthy snacks.

Dietary Preferences

We commit to working with producers that use only the highest quality natural ingredients. Alongside this, we commit that our range will be free from hydrogenated fats and artificial colours, flavours, preservatives and sweeteners whilst delivering products that meet a range of dietary requirements including:

- ✓ PALEO
- ✓ VEGAN
- ✓ DAIRY FREE
- ✓ GLUTEN FREE
- ✓ NUT FREE
- ✓ ORGANIC

Nutritional Integrity

Combining the expertise of the Department of Health and a qualified nutritionist, we have taken every measure to ensure the integrity of our product range.

Provenance

Our passion for healthy products extends to our relationship with suppliers. Working directly with food producers, over 40% of products stocked are produced by artisan brands. Through this approach, we are able to take a considered approach to our carbon footprint and introduce provenance into vending.
